

BAY BREEZES - 4 OCTOBER 2011

The Praise Singer's Gazette

When I first called Humphrey Worthington-Smith and asked him to speak we did both feel that an address on a Rotary subject might be just a little to dry for the exuberant Hout Bay Members. The subject of his talk was left to Humphrey to select.

His dear friends, Shubert, Mozart, Mendelssohn and Chopin must have been grateful for the excellent description, comment and praise lavished upon them by Humphrey. I am sure that all present found the evening most stimulating and good fun.

A pleasure to greet a visiting Rotarian and Paul Tingley from the USA and formerly a Hout Bay resident presented a banner. Paul is a long time friend of David and John – who by the way rejoined us after yet another travel.

David gave us a briefing on Hazel and Kurt which had positives but sadly some negatives as well.

Colin is working on the CTSO providing music at year end and we look forward to hearing more soon.

The orange book is out – thanks to Natalie and others.

Bay Breezes carried a lovely piece from Bill on the Deaf awareness month it gave much food for thought.

Next week Patrick will take the chair as I am away, Colin will be speaking. The meeting on Nov 1st will not be at the ABC and Club Services will advise in due course of the location. The ABC on that day will be in the middle of a big fishing competition.

NOTE FROM THE DISTRICT OFFICE - MINI CONFERENCE POSTPONED

Due to the advent of the semi final of the Rugby World Cup on the morning of Saturday 15 October, DG Deon has decided to postpone the mini-conference scheduled for that day to Saturday 19 November 2011.

Please note the new date in your diaries. Details of the programme and venue will be mailed to you shortly.

Sincerely in Rotary
Peter Hugo
District Administrator

EDITOR'S NOTE - Let's hope that the date change is in favour of us supporting our boys in green and gold - and that they are a game closer to bringing the cup home - AGAIN!!

Nonceba Dolls

Hi Everyone

Thought this might interest you. The GSE team recently from Denmark have been telling the story about Nonceba and the Ashley Story together with other NGO's they visited in Khayelitsha and particularly Learn to Earn. The team members have been giving their talks to Rotary Clubs in Denmark and raising funds for dolls to be made by Learn to Earn for the Nonceba Centre. The next part is a fund raising initiative, we are going to offer the dolls for sale to visitors to Nonceba so that they can be either taken back to the visitors Rotary Club and our story is spread further afield. The alternative is that the "purchaser" can immediately donate the doll back to the Centre and a label will be placed on the doll identifying its donor. As most of you are aware the dolls are hung on the wall and the child is not given a doll but chooses a doll.

Is this not just a wonderful addition to the benefits of a GSE Team visits. Many congratulations to Jens Pauli the leader of the GSE Team from Denmark. At their request we are going to send to each member of that GSE Team a doll which will accompany them on their further visits to Clubs where they tell the story about the Nonceba Centre and the inspirational story about Ashley.

With all good Rotary wishes,

Don Peters

Hout Bay gets its own dinky fire engine

JOHN YELD
Entertainment Writer

WILD BAY'S HOUT BAY is always a sight to behold, and now it has a special "mini" fire engine which is set to be a sight to behold again. The dinky fire engine is a sight to behold again, and it is a sight to behold again.

It will be a sight to behold again, and it is a sight to behold again. The dinky fire engine is a sight to behold again, and it is a sight to behold again.

And all the while, the dinky fire engine is a sight to behold again, and it is a sight to behold again. The dinky fire engine is a sight to behold again, and it is a sight to behold again.

own take a collection drive for the 2011 Hout Bay fire engine. The engine is a sight to behold again, and it is a sight to behold again.

This is because part of the cost of the fire engine was paid from funds generated by the 2011 Hout Bay fire engine.

Hout Bay Rotary Club, a public house, is a sight to behold again, and it is a sight to behold again. The dinky fire engine is a sight to behold again, and it is a sight to behold again.

P.S. - Golf within a 20 min drive.

HOUT BAY HILLS ARE ALIVE WITH THE SOUND OF MARIMBAS

Our speaker on Nov 8th is Ross Johnson, he owns the company AMAMBUSH, they make marimbas, they train players, they are performers and they give shows. It has been a wish for Hout Bay to have some marimba musical fame and yes I acknowledge the excellent work done already with classical training which is the perfect foundation for musicians. I am not in any way musical but I do have the experience of those who are so blessed and that makes me very aware of the immense amount of hard work that is involved in the music world, something which is not truly recognised in the recognition of artists.

Shelby has spoken with me about some musical guests coming to the mtg and perhaps we can ascertain if the schools in Hout Bay have music teachers or are indeed already involved with marimbas. Please if there are musical friends bring them as your guests. If the outcome of the mtg clearly establishes a desire to move forward then we will plan for a fund raising project as well.

Some lateral thinking might identify a huge value to the tourist attractions to IY and on the harbour at weekends as the sounds of marimbas across water is stunning. There is a need for some really dedicated input and a champion to lead this if it is to succeed, and by this I don't mean necessarily that the leader is a Rotarian.

It will be of some interest that the Nonceba Centre is shortly to be provided with 2 marimbas and a start is being made at the centre to provide some extra entertainment and indeed some fund earning.

To you all please copy this and talk to anyone you are aware would be interested. I do see the fund raising as an important component, but giving a marimba instead of giving funding/cash may be a lot more attractive, we could have the Atlantic Boat Club sponsoring one, Tierboskloof Estate another, Stanley Dorman another, that fantastic video shop another, and all get their names on the piece of equipment and also the chance for the donor to have a "bash" as well.
