Still not happy with RI's website search engine or a lack of search engine on your club or district ClubRunner site: Use Google instead

[John Borst](#) President at Rotary Club of Dryden, Ontario Top Contributor

I have always loved to use Google but I just discovered a really neat way to use it on a particular website like a club or district ClubRunner site.

This comes from this article:

The key is to print the word you want. I used Canoe on the District site. Then typed in quotes the word "site" then put in the URL for the site. It worked beautifully. I got the story on the home page and the site page and other Rotary ClubRunner sites with that word.
