GUEST SPEAKER

Guest Speaker PDG Fred Loneragan was introduced by Noelene Hogan. Noelene expressed her admiration for Fed's commitment to the Mountains of the Moon project.

Fred explained how RFFA Rotarians Fighting For Aids came to be from the initiative Of the Rotary Club of Coolamon, one of only 16 anti aids groups in the World. The Mountains of the Moon are a range of mountains in Uganda the main one being the highest peak, snow capped, Mount Margherita 5109 metres to the summit. Fred in his passionate and emotional way had us all moved with the power point presentation which I cannot possibly do justice to in a written report. Probably the most moving was the statistics shown; 33.4 million people are now affected by AIDS, 910,000 young people, 430,000 children, 2,000,000 deaths per year, only 40% of African people now their staus with regard to HIV,10,000,000 people are awaiting treatment and 5,000,000 are on some treatment.

In South Africa with a population of 40 million, 6.2 million are infected with HIV/AIDS and 1 million children are orphaned by AIDS.

Absolutely frightening statistics

A number of questions were asked, and the answer to all seemed to be **EDUCATION**. It is a huge problem but by the courage of small groups and the insistence of individuals together with drive of organisations like Rotary we can win.

President Alan moved a vote of thanks and presented Fred with a cheque for \$1,000.00 as a donation to assist with raising \$30,000.00 for The Mountains of the Moon climb.

Fred has a thumb drive promotion of The Mountains of the Moon project, I believe we should all takr the opportunity to watch it.

4 Worms in church

Four worms and a lesson to be learned!!!!

A minister decided that a visual demonstration would add emphasis to his Sunday sermon.

Four worms were placed into four separate jars.

The first worm was put into a container of alcohol.

The second worm was put into a container of cigarette smoke.

The third worm was put into a container of chocolate syrup.

The fourth worm was put into a container of good clean soil.

At the conclusion of the sermon, the Minister reported the following results:

The first worm in alcohol.... Dead.

The second worm in cigarette smoke.... Dead.

Third worm in chocolate syrup.... Dead.

Fourth worm in good clean soil.... Alive .

So the Minister asked the congregation, What did you learn from this demonstration?

Maxine was sitting in the back, quickly raised her hand and said,

'As long as you drink, smoke and eat chocolate, you won't have worms!'

That pretty much ended the service!
