Malcolm Robertson gave a Rotary Information session about Rotary in Germany during the Nazi years.

In 1933 the Nazi party considered Rotary could offer "an opportunity for party comrades". Clubs controlled by Nazis began excluding Jews and other non aryan. By 1937 half the members of Rotary clubs were Nazi party members. However, in January 1938, Rotary announced that the goals of the Nazi party and Rotary were incompatible.

Malcolm went on the outline the membership of 1.2 million and 34,000 clubs and noted that Rotary is the second largest service club behind Lions International. He said that Free Masons had 6 million members.

Melbourne Mens Choir Weekend

Greg Conkey gave a report on the Melbourne Mens Choir weekend. The event brought together a 350 voice mens choir with over 1000 people attending. There was a rehearsal on Friday evening the big event was held Saturday afternoon. It was a memorable experience. One member came home with a black eye. Another with a bloody nose....but what happened in Melbourne stays in Melbourne.

Markets Feedback and Jumping Castle

Peter MacKinnon attended the Lake Markets over the weekend and got some feedback about our markets. He received suggestions that we should make a greater effort to be friendlier and possibly more helpful towards our vendor customers. Our vendors are an ageing bunch and often they need help putting up tents. New vendors need a bit of an introduction as to how the markets work and where everything is.

Peter also spoke about the possible purchase of a Jumping castle. He likes them because they bring the parents with kids. We should guarantee the kids have the horses or a jumping castle. He is going to ask the board for \$4,000. It will pay for itself in a year. We can possibly buy the second hand castle for \$2300. The current owner is keen, however we need to have a backup for when his enthusiasm ends. Peter will be back to us in a few weeks with a vote.

Cricket Match with Visually Impaired Team

John Flynn gave a report on a cricket match between a Rotary representative team and a visually impaired Victorian team. "They flogged us" was John's report. They had special rules bowling under arm and the ball has to bounce once before the halfway mark on the pitch. The ball has ballbearings and washers in it. John was fascinated with the techniques used by the team. The team consisted of two totally blind kids and the rest had some form of visual problem, tunnel vision or something else. Hearing is the key sense that the players depend on.
