**Your Invitation to an Evening with Rotarian Ken Hutt.**

Ken Hutt is a member of the Rotary Club of Berry NSW. He has been using his very adventurist spirit and great skill as a paraglider to raise funds for the "End Polio Now" campaign. You may remember your Club hearing from Ken in 2021 asking for support in his campaign to climb as close as possible to the top of Mt. Everest and then paraglide back from there.

Unfortunately, a lung infection that started on his ascent of Everest in 2021 stopped that attempt. He is not giving up on his mission and has just returned from Nepal. Ken is coming Junee at the invitation of our Club on Saturday 26th August 2023. He will be speaking of his adventures and showing the documentary that was professionally produced on his first attempt to paraglide off Mt. Everest. It will be an entertaining and educational evening but most importantly it will raise funds to help eradicate polio from the world.

A link to the shorts of the film is [www.flyfromeverest.org](http://www.flyfromeverest.org) and it is well worth a visit.

Details of evening are:

Date. Saturday 26<sup>th</sup> August 2023. Time. 7.00 pm

Location. Auditorium at Junee Ex-Services Memorial Club

75 Broadway Street, Junee.

Cost. \$30 per person. Tickets will be available for sale before the date.

As the Bill and Melinda Gates Foundation matches donations given to the eradicating polio by 2:1 your \$30 ticket purchase would result in \$90 going towards this vital campaign.

The showing of the film in the Auditorium will be the first time the new audio visual system installed in the Ex Services Club has been used. The funding for that system was successfully sought by the Rotary Club of Junee so the "End Polio Now" evening will mark the completion of that significant project.
